

How to use Zoom to get online education:

Important to know about Zoom:

- The platform Zoom is free. You only pay for the course.
- The day before the course begins you will receive a link to the online meeting in an e-mail.
- Make sure that the program/app is installed correctly before the course begins.
- Please turn on the camera when the course begins so your teacher can see you. During the exercise it is up to you whether your camera is on or off.
- To avoid too much noise your microphone will be muted at the beginning, but you can easily say something or ask a question by unmuting your microphone in the lower left corner of the screen.
